

FOOD PROCESSING

Durham and Bates understands the special risks and exposures faced by the food processing industry. Through our membership in the Northwest Food Processors' Association and our ongoing monitoring of current trends in your industry, we are able to customize a risk management and insurance program for your company that suits your needs.

Our program offers you the unique coverages you need to protect your business.

In addition to providing insurance coverage, we are able to provide risk management and loss control solutions to prevent losses from occurring, or lessen the impact to your business when they do occur.

Coverages available include:

- General Liability
- Vendors' Coverage Included
- Property
- Computer Equipment & Data
- Perishable Goods
- Refrigerant Contamination
- Off Premises Power Failure
- Electrical Arcing
- Equipment Breakdown
- Auto
- Inland Marine
- Business Income
- Crime
- Products Recall
- Trade Show Coverage
